UX/UI & Graphic Designer

2024

hello!

I'm Imogen, a design student with a keen interest in UX/UI and graphic design. I am about to complete my degree in BA Digital Media Design at The University of Winchester, graduating in 2024.

about me

I focus on designing with a minimal and elegant approach, but have the experience of also designing colourful projects.

PatientPortal

Medical Application

03

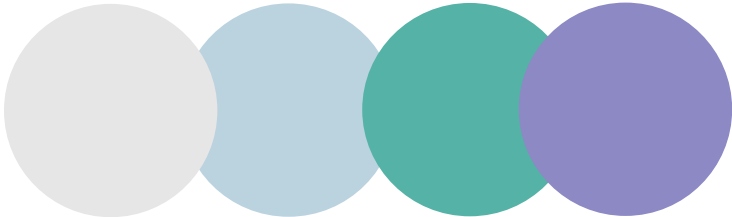

About the project

PatientPortal is an app to help those with disabilities to communicate with the professionals looking after them in hospital, and to help the staff with patient information.

The objective of this app is to allow patients to have a place to access certain information and also a place to put down concerns or questions.
